Useful Guide of Apps and

Websites for Year

2 and 3

Many parents have been asking me about suitable apps and websites to help their children at home. I hope you find this guide useful. I have tried to find as many free or cheap apps suitable for this age range. Please be aware that all children learn at different rates and abilities and some of these apps/ websites may not be suitable for your particular child—it will be best to read the app description before buying anything.

Thank you, Mrs Sherrard.
